HILL·SCHOOL

Hill School Remote Learning
Dear Hill School Parents,

In accordance with Governor Greg Abbott's most recent executive order, the Hill School campus will remain closed and remote learning will continue throughout the duration of the 2019-2020 school year.

Hill School's Finance Committee, along with the Board of Trustees have met recently; both of which are committed to the continuity of providing a quality education for our students into the next academic year. I am, therefore, pleased to tell you that the Hill School community of faculty and staff look forward to welcoming our families in August for the academic year 2020-2021! While we are hoping to hold classes on campus at the start of the year, we will also be prepared to continue with remote learning, if deemed necessary by our administrative team.

I dearly miss seeing our hallways filled with teachers and students but am delighted to hear the positive feedback about our remote learning program. With your helpful comments and generous feedback in mind, we will continue to improve and adjust how our students learn best throughout this transitional period. The possibility of summer remote learning with enrichment classes is currently being reviewed and we hope to know more in the near future; we will in turn communicate this to you as decisions are made. Additionally, graduation plans for the Class of 2020 are also being reviewed and a plan will be shared with everyone at the end of the week. Watch your email for our ENewsletter this Thursday with the graduation plan and much more news!

Finally, I remind you that Hill School is home to a community that is supportive of one another, and even in a world of remote learning and virtual classrooms, the mission of Hill School has not changed: we provide progressive educational services in a safe and student-centered environment for bright, motivated students who learn differently. Be safe and well.

Sincerely,

Roxann Breyer
Head of School
