

# Partnership with Parents - Academic Year 2020-2021

As a member of the Hill School community, I will partner with Hill School and agree that:

- I will not send my student to school if he/she does not feel well or if someone in my household is sick.
- I will complete the COVID-19 questionnaire each day before my student comes to school.
- I will notify Hill School immediately if anyone in my household tests positive for COVID-19, shows symptoms of COVID-19, or is exposed to COVID-19 by emailing [Health@HillSchool.org](mailto:Health@HillSchool.org).
- I will follow all Hill School health and safety protocols, including screening at home and at school, wearing a mask, washing hands, practicing physical distancing whenever outside the home, being aware of symptoms, and following isolation or quarantine rules as recommended by the CDC.
- I will assist with contact tracing, if required.
- I will abide by all federal, state and city mandates, policies, protocols and procedures related to COVID-19.
- I will show compassion, care, and respect for other members of the Hill School community.
- I will encourage other members of the Hill School community to follow the health guidelines.
- I will fully support my student during remote learning if/when remote learning takes place.
- I will support the school in making difficult decisions such as quarantining students, faculty and staff, enforcing mask requirements and other safety protocols as well as visitor rules, and sending students home who exhibit COVID-19 symptoms.
- I understand in signing this agreement that the situation with COVID-19 changes often and, for this reason, CDC, state and local guidelines are modified and updated.
- I will make myself familiar with the most recent updates and changing conditions at the local and state level. I have also reviewed Hill School's Reopening Plan—available on the school website—and will do my part to help with a safe reopening of school.
